

K-Love serves my family and my community with uplifting messages and music. It is listener financed only and it is commercial free. This proves that the programming provided by K-Love is appreciated by the communities it serves.

The effect on the community by K-Love is positive and encouraging, the impact on the community if it were replaced by LPFM would prove a negative effect on this community.

K-Love is of interest to the public and the service provided has wholesome values and is a positive impact on the communities all across America. Family friendly programming is hard to find on the air waves these days. It seems that information, music and TV programming the FCC is willing to allow into our homes and on our radios must be shocking, violent or totally tacky. K-Love supports our families and communities all across America with positive and encouraging family values.

Please do not force K-Love off of the air.

Thank you for this opportunity to express my appreciation for K-Love
